Wiggly stores by the Business Builders. OUR POLICY.

Every executive position in the MAN-HATTAN PIGGLY WIGGLY CORPORA-TION will be filled from Business Build-ers sales force. We repeat that PIG-GLY WIGGLY is only six years old. The management of 2,000 stores will be in the hands of men like you who are answering this advertisement. That is a set and definite policy of the Business Builders, in operation for years.

AMERICA'S METHOD OF MAKING EXECUTIVES.

Bear this in mind: To run an enterprise doing a gross business of more than \$150,000,000 a year demands executives earning salaries running into five figures. Perhaps you think you haven't a chance. Have you followed the careers of the presidents of our big American conspanies? The year majority of them were men who started in the ranks, Railroad presidents just a few years ago were wearing overalls; bank presidents within memory were assistant tellers and even minor clerks.

The men who build The MANHATTAN PIGGLY WIGGLY CORPORATION, in marketing its securities, will be the future executives of one of the greatest chain grocery systems in the world. We need your services, and we shall pay for those services to a degree that will make your future absolutely assured.

Salesmen residing in New Jersey can report to our Newark office, 801 Wiss Building, 671 Broad St., at 10 A. M. or 8 P. M. Foreigners with ambition and who can understand the English language will also find real opportunities for advancement in our Foreign Department.

Report between 10 A. M. and 2 P. M., or at 8 P. M., JAMES W. ELLIOTT'S BUSINESS BUILDERS, INC., Fluancias, Manning and Operating MANHATTAN PROGLY WIGGLY CORPORATION, Entire 12th Floor, Knickerbecker Building, 42d St., and Broadway.

O COBBLER SHOP.

If you propose to associate yourself Permanently with a modern banking house you will do well to select one that is skilled in the cobbler's art. Every week I realize more and more the intimate connection between Finance and Footwear. "I'd like to be in his shoes" is a frequent expression of envy. But would HIS shoes fit you'r Not right away, perhaps, but you'd grow to them. I am the exceutive in charge of the sales department for a resutable downtown progressive banking house, but I find that I have to be a cobbler as well as banker, except that, instead of making slices to fit the feet, my work is to make the feet fit the shoes. If you look with eavy upon the proaperous, well groomed security salesman, who maintains his family in luxury, drives his come car and always has a comfortable bank halance to draw uponfyou say of such a man, "I'd like to be in his shoes," why I think I CAN ARIANGE IT FOR YOU. During the past few months I have come in content with a goodly number of men. t few months I have come in con-t with a goodly number of men, ne experienced and some without expast few months I have come in contact with a goodly number of men, some experienced and some without experience, who were not getting what they should out of life because they were not getting what they should out of THEMSELVES. Those men are making big money to-day. They don't ove anybody, they enjoy life and the wife and the kiddles don't have to yearh any more for the things they want and cught to have—THEY HAVE THEM. It was in these men all: the time: I merely helped them to bring it OUT. Don't get the notion that one man it, so much better than another; they're different that's all. When these men, wrestling with high living costs, came to me a little while ago. I didn't put brains in their heads or morality into their hearts. It was already there, and it was my privilege to show them how to take advantage of their own ability. They're just the same MEN they were, but their condition has changed for the better. They did it, not i. I merely showed them low in meldentally. They're you have been just like you—only perhaps not so good—I will be very giad to arrange an interview for you. There's no expense statched to it; security selling experience not essential. I am confidence has follows: Eox M 631 Herald.
